

the **PARISH** of **Clement**  
E P I S C O P A L

Dear Fellow Parishioners,

By now you have all read the letter from Pastor Heather with news of her plans to move with her family to Wisconsin this summer. We thank her for her stewardship, especially her diligent work during COVID-19. That was no easy task, and Heather enabled us seamlessly to be together in-person and virtually for services and Sunday groups, not missing a beat with all the disruption and technical challenges.

We will have an opportunity to celebrate her time with us and send her and Dustin, Kailani and Elijah off with aloha on Sunday, June 5, the Day of Pentecost. More specific information will be forthcoming as we adjust to the ever-changing guidelines for social gatherings. Whatever is planned, it will also be on Zoom.

After that, we will move forward to call a new rector. This process will be guided by the Diocesan Office. All parishioners will be called on to participate in this effort. Let us take this opportunity to recommit ourselves and The Parish of St. Clement to the work of this community, faithful to God's word and the grace of his love for all living things. We are called to spread that love among ourselves and others. The successful future for our parish will be ours to create. We look forward to working together on that calling.
